### Surviving the Zombie Apocalypse in the City

Making your plan of escape:

Where were you when you heard?	How far are you from the nearest evacuation point?
What route will you take?	What transportation will you use?
What are you taking with you from your suitcase(s)?	
What are you seeing in the streets? (Be Specific! Make your reader feel like they're there! Describe the action around you; describe what the zombies look like/act like.)	
What are you thinking about?	

## Planning your Blog

Describe how your group is getting along. (Are you going to stay together? Has anyone gotten sick and you fear they're infected?)

What is one thing you/your group is doing to stay safe? (Remember: you CANNOT use weapons! You CANNOT loot or commit other crimes!)

What are you doing about food and shelter?

What information are you getting from the media that will help you reach your destination?

**REMEMBER: NO WEAPONS, NO LOOTING, NO COMMITTING CRIMES!!!**
